## 2007–08

Commonwealth of Pennsylvania

District **BRANDYWINE HEIGHTS AREA SD**

## This District's Report Card

Report cards are an important source of information about performance and accountability. They allow districts to compare data in a consistent way and highlight opportunities for improvement.

This report card will show not only the achievement of students overall, but also the progress that disaggregated groups are making in closing achievement gaps. Report card data help Pennsylvania school districts and the Pennsylvania Department of Education focus on specific groups of students who are currently not meeting academic standards.

The report card is designed to ensure that the public is fully informed about performance, and to promote broader participation and better decision-making by providing a shared source of performance data. This federal initiative is based on the idea that a well-informed public plays an important part in school improvement.

### Note about using Report Card Data

Report cards should be used to share information. Adequate Yearly Progress (AYP) is not measured by the strength of this report card. The data on this report card may not match AYP data published for this district.

### Inside this report

- 1 Get Attendance and Graduation data**  
Attendance and graduation rates are displayed for the most recent school year.
- 3 Review the Accountability Report**  
This section shows the district's performance compared with the goals set by No Child Left Behind. Student results from the Pennsylvania System of School Assessment (PSSA) are listed by disaggregated group and by Performance Level.
- 4 Review the Assessment Report**  
Here you can compare two years of PSSA and PASA academic performance and participation data for this district. These results are displayed by grade, subject, and disaggregated group.
- 5 View Adequate Yearly Progress Status**  
Here you can find the total number of schools in the district identified under each AYP status and the name of each school identified.

District **BRANDYWINE HEIGHTS AREA SD**

Pennsylvania's accountability system includes school assessment based on attendance and graduation rates. Attendance rates measure the number of days that a student was both enrolled and present in the school. Research shows that a strong relationship exists between regular attendance and academic performance. Graduation rates measure the number of students receiving a regular high school diploma in a given year against the total number of dropouts over four years.

**NOTE:**

— Indicates fewer than 10 students in a group. To provide meaningful results and to protect the privacy of individual students, data are printed only when the total number of students in a group is at least 10.

<sup>1</sup> There can be overlap among the groups since a student may belong to more than one of these groups.

District **BRANDYWINE HEIGHTS AREA SD**

The purpose of this section of the report card is to show how students performed compared with the goals of No Child Left Behind. All tables on this report include students who were enrolled in this district for a full academic year. These numbers may not match the results in the Assessment section of the Report Card.

## This District's Overall Results in Mathematics

This data table captures performance and participation results of students overall and by disaggregated group who took the PSSA and PASA in Grades 3-8 and 11.

The purpose of this section of the report card is to compare how students have performed on the PSSA over the past two years in Reading and Mathematics. There is only one year of Science data since 2007-08 was the first year that Science was assessed. This data table captures this district's overall performance results and participation rates by disaggregated group and compares it to this district's results in the previous year. The table reflects all students taking the PSSA in Grades 3-8 or 11 who were in this district for any part of the academic year.
