Websites for Teachers and Parents of Kindergarten Children

Compiled by Katie Hess, 2011 – Millersville University

1 - Starfall
PA Standard(s): 1.1
Topics: Literacy, Phonemic Awareness
http://www.starfall.com
A FUN and interactive literacy website with lots of online activities, books, and printable materials. Children can listen to interactive stories and play games to teach them beginning and ending sounds, as well as rhyming, word families, and sight words. This website can also be used in classrooms for whole group SMARTboard activities. Starfall is also a valuable website for parents who want to work on literacy skills with their children at home.

2 - PBS Kids
PA Standard(s): 1.1, 1.2, 2.1, 2.2
Topics: Literacy, Math
http://pbskids.org/
Children can interact with their favorite PBS characters (Clifford, Arthur, Sesame Street, etc.) by playing interactive learning games. The games range in topics from math to literacy and there is a HUGE amount of activities on this site. There is also information for parents about helping children learn at home, as well as transition to school. PBS Kids is a great website for both parents and teachers.

3 - Discovery Kids
PA Standard(s): 3.2a, 3.2b
Topics: Science
http://kids.discovery.com/
Get excited about science with Discovery Kids! Children can play science-themed games, as well as find answers to some of their most puzzling science questions, such as “Are bats really blind?” or “Why do we need trees?” Discovery Kids is easy to navigate and both parents and children can use it as a resource for learning more about science. The site is organized into games, puzzles, and a science question/answer page. This site is very interactive and appropriate for young children.
4 - Sesame Street  
**PA Standard(s):** 1.1, 1.2, 2.1, 2.2  
**Topics:** Math and Literacy  
This is the official Sesame Street website with lots of fun learning games and activities for young children. Activities feature children's favorite Sesame Street characters and there are even Sesame Street pod casts! The site is organized into games, videos, playlists, and more. Teachers can use this site to find video clips related to classroom topics and there are links for parents that provide a wealth of information.

5 - Jan Brett's Page  
**PA Standard(s):** 1.1, 1.2  
**Topics:** Literacy  
Learn about children's author and illustrator, Jan Brett. This site features a huge variety of printable activities, featuring Jan Brett’s loveable storybook characters. There are resources for teachers to print that accompany the books, as well as alphabet cards with Jan Brett's artwork. Parents, teachers, and children can explore all of Jan Brett's beautifully illustrated picture books and find activities to do with the stories. This site is awesome!

6 - Scholastic  
**PA Standard(s):** 1.1, 1.2, 2.1, 2.2, 15.1, 15.2, 20.1, 20.2, 20.3  
**Topics:** Math, Literacy, Family Connections  
[http://www2.scholastic.com/browse/index.jsp](http://www2.scholastic.com/browse/index.jsp)  
Scholastic's website has an incredible amount of information and activities for parents, children, and teachers. Lesson plans are available for teachers to preview and download that cover a huge amount topics. There are also downloadable newsletters and resources for teachers to send home to parents and families. There are resources for parents that provide suggestions for working with children on literacy activities. Children can also listen to interactive storybooks with Clifford the Big Red Dog and play interactive games. This site is perfect for children of all age levels and abilities!

7 - National Geographic for Kids  
**PA Standard(s):** 3.1a, 7.2  
**Topics:** Animals, Science, Social Studies, World Countries  
This is a site for young children that is organized by games, stories, videos, and activities about animals and countries around the world. The photos are consistent with the quality of photos in the National Geographic magazine for adults, as well as the video clips. Parents and teachers can use the video clips to take their children on a journey to other parts of the world. This site is a great technology tie-in for science and social studies lessons.
8 - Seussville
PA Standard(s): 1.1, 1.2, 1.3
Topics: Literacy, Comprehension, Reading Aloud
http://www.seussville.com/
Have fun with Dr. Seuss and all of your favorite Dr. Seuss characters! Students can learn about Dr. Seuss on his biography page, as well as visit his famous characters. There are games galore and activities for teachers and families to print. There is a section of resources for parents, as well as a section of resources for educators. Children can also watch video clips featuring favorite colorful characters from Dr. Seuss stories.

9 - Little Giraffes
http://www.littlegiraffes.com/
PA Standard(s): 1.1, 1.2, 2.1, 2.2, 3.1a, 4.3
Topics: Math, Literacy, Language Arts, Social Studies, Science
A very well-organized website made by a kindergarten teacher that provides a TON of monthly ideas for teaching kindergarten. The site is organized into the following sections: monthly themes, ABC activities, story props, handprint calendar, math, book ideas, literacy, centers, word families, igloo, and sentence practice. Within each section are an overwhelming number of ideas (including photographs) for kindergarten teachers. This site is a must for early childhood educators!

10 - Kids Count 1234
PA Standard(s): 1.1, 1.2, 2.1, 2.2
Topics: Language Arts, Literacy, Math
http://kidscount1234.com/
Kindergarten teacher and songwriter, Shari Sloane, made this great website with downloadable activities for teaching kindergarten. She shares activities that she has designed for classroom work stations and provides teachers with printable materials that can be used immediately in their classrooms. The site focuses mostly on math and language arts activities. Shari Sloane’s site is very easy to navigate and her ideas are incredible. This site is a must for early childhood educators.

11 - Dr. Jean
PA Standard(s): 1.1, 1.2, 2.1, 2.2, 3.1a, 4.3
Topics: Math, Literacy, Storytelling, Art, Language Arts, Social Studies
http://drjean.org/
Educator, presenter, and songwriter, Dr. Jean, posts some of her most creative ideas for teaching young children. Dr. Jean's site is updated on a monthly basis and fresh ideas are posted each month. However, her previous postings can be viewed in the site's archives. Teachers of young children are familiar with Dr. Jean's songs and CD's, but this site also provides activities to accompany the songs, as well as lyrics. Dr. Jean provides a link to her conference schedule and where she will be appearing, as well as an online store to purchase her many published resources.
12 - Dance Mat Typing
PA Standard(s): 15.4, 3.4a
Topics: Technology, Learning to Type
http://www.bbc.co.uk/schools/typing/
This is a really fun and interactive site that teaches children how to type! Children can play typing games as they work their way from skill level 1 to level 4. The typing games are set to music and are appropriate for children of all ages. Learning to type has never been so much fun!

13 - ZOOM! Science for Kids
PA Standard(s): 3.2a, 3.2b, 15.4
Topics: General Science, Chemistry, Physics
http://pbskids.org/zoom/activities/sci/
This website is from PBS Kids and it features lots of simple, interactive science experiments specifically designed for young children. Children, parents, and teachers can search the archives of experiments by doing a keyword search to find an experiment. Directions for completing the experiments are simple and easy to understand. Materials needed are usually common household items and do not require much preparation. This site is perfect for young children and early childhood educators.

14 - Fun Brain
PA Standard(s): 1.1, 1.2, 2.1, 2.2, 20.2, 20.3
Topics: Math, Language Arts/Reading
http://www.funbrain.com/
This site is full of lots of fun and interactive games in all subject areas for children under 6. There are links for math and reading. Children can even complete Mad Libs in the reading section! There are also activities designed for parents and children to complete together in the “playground” link. This site is colorful and easy to navigate! Teachers may enjoy the literature activities with tie-ins to quality storybooks for young children.

15 - National Association for the Education of Young Children (NAEYC)
PA Standard(s): 15.4, 20.2, 20.3, 20.4
Topics: Early Childhood Education and Development
http://www.naeyc.org/
The NAEYC is a professional organization which promotes excellence in early childhood education. The site features a wealth of information for both educators and parents. There are excellent articles about child development, school transitions, and checklists for both parents and teachers. The articles can be saved as .pdf files and shared with parents via a classroom website. There are also resources that can be printed and sent home with students for parents to read, such as newsletters. This site is a valuable resource for early childhood educators.
16 - Crayola
PA Standard(s): 9.1c, 9.4
Topics: Art and Creative Expression
http://www.crayola.com/
This is a fun site with creative art activities for kids and great resources for parents. Crayola.com also provides wonderful project ideas and printable materials for teachers. Featured on the site are coloring pages, craft ideas, games & fun, products and resources for parents and teachers. This site is perfect for parents and teachers of young children.

17 - Zero to Three
Topics: Development, Early Childhood, Family Involvement
http://www.zerotothree.org/
This is an informative site for parents and teachers of very young children. ZERO TO THREE is a national, nonprofit organization that informs, trains, and supports professionals, policymakers, and parents in their efforts to improve the lives of infants and toddlers. There are a wealth of resources about behavior & development, maltreatment, care & education, and public policy.

18 - ABC Activities
PA Standard(s): 1.1
Topics: Literacy, Alphabet Recognition
http://www.littlegiraffes.com/abc_homepractice.html
This site is an extension of Little Giraffes and focuses on alphabet recognition activities. This site is an especially valuable resource for early childhood educators to share with parents whose children could benefit from additional alphabet practice at home. The activities on this site are simple and easy to do. There are plenty of activities to choose from and they are FREE!

19 - Kindergarten and Preschool Games by Sheppard's Software
PA Standard(s): 1.1, 2.1, 2.9
Topics: Alphabet, Shapes, Colors, Numbers
http://www.sheppardsoftware.com/preschool/preschool.htm
This site features fun and interactive games from Sheppard Software. These educational games are specifically designed with preschool and kindergarten children in mind. The games range in topic from colors, shapes, numbers, and alphabet recognition. The site is easy to navigate and is appropriate for young children.
20 - KinderWeb Educational Games
PA Standard(s): 1.1, 2.1, 2.2, 2.9
Topics: Alphabet, Shapes, Colors, Numbers, Coins
http://kinderwebgames.com/index.html
This is a simple, but valuable site which features a variety of interactive games for young children, teaching money, colors, shapes, and more! Many of the basic school readiness skills that children should be exposed to prior to coming to kindergarten are covered in these games. There are many games to choose from and the activities are appropriate for young children.

21 - Kaboose
PA Standard(s): 9.1c, 9.4, 20.2, 20.4, 25.3
Topics: Cooking, Crafts, Parent Involvement
http://www.kaboose.com/
This is a wonderful site that features many activities for children, including crafts, printable pages, and simple recipes. This site doubles as a valuable resource for parents and has special parent sections, including Parenting, Food, Crafts, and Just for Mom. The site has a professional appearance and is very easy to navigate. This is a great site for teachers to share with parents of young children.

22 - Carl's Corner
PA Standard(s): 1.1, 1.2
Topics: Language Arts, Literacy
http://www.carlscorner.us.com/
This site is designed by Cherry Carl, a former reading and language arts specialist who retired after 35 years of teaching. She shares thousands of printable ideas including word work, contractions, word families, alphabet, and blends. This website provides resources and materials for classroom teachers, reading and resource specialists, speech therapists, parents and students in the area of language arts.

23 - Kelly's Kindergarten
PA Standard(s): 1.1, 1.2, 2.1, 2.2
Topics: Reading, Math
http://www.kellyskindergarten.com/
This website was designed and created by a devoted kindergarten teacher who shares lots of great classroom ideas. Her site provides links that help to organize the content, which is quite overwhelming. There are many suggestions for simple games that teachers can make to enhance lessons and classroom lessons. She also provides activities to help children with phonemic awareness skills, which can be printed and shared with parents, too. There are photos to accompany the activities so that teachers can visualize the activities in action. This site is a valuable resource for kindergarten teachers!
24 - KinderTeacher
PA Standard(s): 1.1, 1.2, 2.1, 2.2, 20.2, 20.3
Topics: Math, Literacy, Parent Involvement
http://www.kinderteacher.com/
This web site is for parents, students and teachers to gain information and ideas for kindergarten. A very dedicated kindergarten teacher created this site and shared a wealth of ideas. The site is broken into two parts: for parents and for teachers. The teacher version has back-to-school ideas, monthly theme ideas, homework helpers, and much, much more. Kindergarten teachers should bookmark this site and add it to their favorites.

25 - Virtual Vine
PA Standard(s): 1.1, 1.2, 2.1, 2.2, 20.2, 20.3
Topics: Math, Reading, Vocabulary, Classroom Stations
http://www.thevirtualvine.com/
A very dedicated kindergarten teacher made this site where she shares hundreds of ideas for teaching young children, including literacy, monthly themes, and classroom centers. There is an overwhelming amount of ideas and information on this site and it is easy to spend hours combing through all of her wonderful suggestions. This site is perfect for early childhood educators, especially kindergarten teachers.

26 - Florida Center for Reading Research
PA Standard(s): 1.1, 1.2, 1.3, 1.7, 15.2, 15.4
Topics: Literacy, Reading, Phonics, Phonemic Awareness, Vocabulary, Comprehension, Fluency
http://www.fcrr.org
As part of the Florida Center for Reading Research's mission, this site was created “to disseminate information about research-based practices related to literacy instruction and assessment for children in pre-school through 12th grade.” Teachers from K-12 can find valuable resources on this site related to different reading topics. The site provides an effective searching tool that helps to narrow down site content and activities by specific topic and grade level. The activities can be printed and used immediately in classrooms.

27 - Mrs. Meacham’s Classroom Snapshots
PA Standard(s): 1.1, 1.2, 2.1, 2.2
Topics: Anything
http://www.jmeacham.com
Elementary teacher, Jessica Meacham, created this site to share her wonderful and creative ideas with other teachers. She organizes her site alphabetically and there are a TON of resources on it. She even offers downloadable copies of her materials for teachers to print and use. This site is perfect for early childhood and elementary school teachers.
28 - Discovery Education – United Streaming
PA Standard(s): 7.1, 7.2, 7.3, 3.1a, 4.3, 4.7, 4.8
Topics: Science and Social Studies
http://streaming.discoveryeducation.com/
United Streaming from Discovery Education allows teachers to have access to and integrate thousands of video clips, interactive activities, and lesson plans into their classrooms. Teachers can search by topic and grade level for any number of science or social studies-related topics. Video clips can be viewed and streamed directly into the classroom, however an account and password is required.

29 - TeacherWeb
PA Standard(s): 3.4a-d, 20.1, 20.2
Topics: Classroom web site, Technology
http://teacherweb.com
TeacherWeb is a teacher-friendly site that allows teachers to create classroom web sites. Templates and page samples are provided and teachers simply need to enter the content and media. There is a yearly site subscription fee but there is a group rate if several teachers sign up together. TeacherWeb allows teachers to post classroom news, schedule, digital photos, videos, and more.

30 - Family Fun
PA Standard(s): 20.1, 20.2
Topics: Family Involvement, Art, Cooking
http://familyfun.go.com/
This site features easy-to-do crafts, recipes, printable activities, and activities for parents and children. Parents and teachers can find more than 1000 art & craft ideas for kids of all ages including holiday & seasonal crafts, decorations and outdoor games. This site is a great one to pass along to parents.

31 - Hands-on House Children's Museum of Lancaster
PA Standard(s): 9.1a, 9.1b, 20.2, 20.3, 15.4
Topics: Storytelling, Creative Thinking, Art, Science
http://www.handsonhouse.org/
The Hands-on House Children's Museum of Lancaster is a hands-on, fully interactive museum for young children. There is a small admission fee to visit, but there are attractions both inside and outside. Children will discover and learn at the museum's various exhibits, including the farm, backyard, grocery store, dress-up stage, and machine shop. The Hands-on House is a great place for field trips and they also offer an outreach program that visits schools.
32 - Kid Source
PA Standard(s): 1.1, 1.2, 2.1, 2.2
Topics: Math, Reading, Language Arts
http://www.kidsource.com/
Kid Source provides parents and teachers with in-depth information related to children's healthcare and education. There are links for homework help, health & safety articles, education articles, and topics arranged by grade level K-12. Parents can also explore links of recommended products and recreational activities that are age appropriate for their children.

33 - Macaroni Kid (Kutztown to Allentown)
PA Standard(s): 20.1, 20.2
Topics: Parent Involvement
http://kutztown-to-allentown.macaronikid.com/
Macaroni Kid provides parents with a list of upcoming events and activities for kids that are taking place in their area. Parents can search Macaroni Kid for events closest to the town or city in which they live. Many of the events are free or of little charge. Macaroni Kid provides suggestions for museums, restaurants, planetariums, festivals, and much more.

34 - Parents Magazine
PA Standard(s): 20.1, 20.2
Topics: Child Development, Parent Involvement
http://www.parents.com/
This is the online version of Parents magazine. This site provides a wealth of resources for parents of young children, but early childhood educators may find it valuable, too. Links on the site will provide parents with information about babies, toddlers & preschoolers, and big kids. There are suggestions for healthy food recipes, as well as activities to do for the holidays.

35 - Learning Planet
PA Standard(s): 1.1, 1.2, 2.1, 2.2
Topics: Alphabet Recognition, Math
http://www.learningplanet.com/
This site has a variety of free interactive games for young children that teach alphabet recognition and math skills, as well as word strategy games. There are several free components to this web site, however a yearly subscription is required in order to have full access to all of the site's features. There are tabs for teachers and students and this site is appropriate for young children.
36 - Reading Rockets  
PA Standard(s): 1.1, 1.2, 1.3, 1.4  
Topics: Literacy and Language Arts, Reading  
http://www.readingrockets.org/  
Reading Rockets provides research-based suggestions for teachers and parents to help children become better readers and help struggling readers succeed. This site provides links for classroom strategies, the ABC’s of teaching reading, videos & podcasts, children’s authors, and reading research. There are so many valuable resources within this site that any classroom teacher can find it useful, not just reading teachers. This site is funded by a grant from the U.S. Department of Education.

37 - Pigeon Presents! Starring Mo Willems’ Pigeon!  
PA Standard(s): 1.1, 1.2, 1.3, 1.4  
Topics: Literacy, Reading, Storytelling  
http://www.pigeonpresents.com  
Author and illustrator, Mo Willems, famous character, Pigeon, has his own web site where children can play interactive games and meet Mo’s other characters. There are resources for teachers to print that accompany Mo’s stories. The book guides also include posters and printable activities for children. This site is fun and colorful and will bring lots of enjoyment to young fans of Mo Willems and Pigeon.

38 - NASA Kid’s Club  
PA Standard(s): 3.3a, 3.3b  
Topics: Science, Space, Planets  
http://www.nasa.gov/audience/forforkids/kidsclub/flash/index.html  
NASA.gov brings you images, videos and interactive features from the unique perspective of America’s space agency. Get the latest updates on NASA missions and play interactive space games with favorite characters such as Elmo and Buzz Lightyear. This site features resources for both teachers and parents, too.

39 - History Channel Classroom  
PA Standard(s): 5.1, 5.2, 5.3  
Topics: Social Studies  
http://www.history.com/shows/classroom  
The History Channel presents this interactive web site for teachers and classrooms. There are video clips to accompany social studies lessons, as well as clips from favorite shows on The History Channel. Children can play games related to a variety of history topics or play games based on THC TV shows. There is a lot to explore on this site and it is appropriate for children of various ages.
40 - Making Learning Fun  
**PA Standard(s):** 1.1, 1.2, 1.3, 2.1  
**Topics:** Language Arts, Math  
Making Learning Fun is a site with tons of free printable materials that are designed to make learning fun! Whether you are a parent, teacher, or childcare care provider, you’ll find this site to be filled with educational printables and activities for children. You’ll find that pre-kindergarten through first grade students will enjoy these activities most, but you’ll find yourself having fun too!

41 - Enchanted Learning  
**PA Standard(s):** 1.1, 1.2, 1.3, 2.1, 2.2  
**Topics:** Anything  
**[http://www.enchantedlearning.com](http://www.enchantedlearning.com)**  
This site features thousands of printable materials, such as games, books, worksheets, and puzzles for children and teachers. Some of the materials are free, however a yearly site subscription is required to access all of the resources. The materials on this site are organized by topic and it is very easy to search and find a variety of resources.

42 - Reading a-z.com  
**PA Standard(s):** 1.1, 1.2, 1.3  
**Topics:** Reading, Language Arts, Literacy  
**[http://www.readinga-z.com/](http://www.readinga-z.com/)**  
This site features hundreds of downloadable and printable leveled readers for a teacher's guided reading classroom library. There is a subscription fee in order to access the materials, however the files can be saved in .pdf format and printed when needed. There are lesson plans that accompany each reader and homework sheets for students to complete. Running records are also provided for benchmark assessments, as well as poetry materials, vocabulary books, and so much more. This is a valuable web site for classroom teachers and reading specialists.

43 - Free Rice  
**PA Standard(s):** 4.4, 4.8, 7.4  
**Topics:** Social Studies  
**[http://freerice.com](http://freerice.com)**  
This non-profit web site is set up by the World Food Programme to help end hunger. It has two goals; to provide education to everyone for free and help end world hunger by donating 10 grains of rice for each answer you get right. Subjects include math, geography, language learning, English, chemistry, humanities. As you play and get answers correct, the questions get harder. If you get answers wrong, you get an easier question. The web site shows your rice totals as you go.
44 - The Week in Rap
PA Standard(s): 9.1a
Topics: Current Events, Music and Movement
http://www.theweekinrap.com
One particularly entertaining way to review current events is to subscribe to www.theweekinrap.com by Flocabulary Hip-Hop in the classroom. Every Friday a new rap song is created to a catchy beat/music which reviews the top news stories around the world. There are clips and pictures that go along with the music and rap, which really gets the students' attention. The quality of songs and lyrics is appropriate for children and is really entertaining!

45 - The White House 101 for Kids
PA Standard(s): 5.1, 5.2, 5.3
Topics: Social Studies, Government
http://www.whitehouse.gov/about/white-house-101/
Children can take a tour of the White House, learn all about our country's presidents, learn fun facts about the White House, and even see pictures of White House pets (past and present). Children love taking the interactive White House tour and seeing actual footage of the President's house. There are video clips, maps, and activities for children of all ages.

46 - Free Vector Clip Art
PA Standard(s): 3.4e, 9.1c
Topics: Art, Technology
http://www.free-clip-art.com
Users of this site can download high quality Vector and Web-Ready clipart for FREE. Ready-made pieces of printable art, such as illustrations, borders, and cartoons, can be electronically copied and used to decorate documents or projects. Use the .WMF format for printing and use the .GIF image for Web sites, newsletters and other Web use. Clip art categories include animals, holidays, music, people, education, and more!

47 - Click Magazine for Kids
PA Standard(s): 1.1, 1.2
Topics: Reading
http://www.clickmagkids.com/
Click Magazine for Kids is an interactive, online magazine for preschool and early elementary students developed to enhance the award winning Click print magazine. The site includes monthly themes, booklists, games, and printable projects to complete offline. The site includes teacher resource guides to accompany the web activities and magazine, too.
48 - Fun With Spot
PA Standard(s): 1.1, 1.2
Topics: Reading, Literacy, Language Arts
http://www.funwithspot.com/us/
Young fans of Eric Hill’s Spot books will enjoy playing these online games and reading the animated versions of some of his Spot books. Shock wave plugin is required. The website is organized into six sections: news and events, store, parents and teachers, Spot on the iPad, create your own Spot story, and Spot’s friendship corner.

49 - Curious George
PA Standard(s): 1.1, 1.2
Topics: Reading, Literacy, Language Arts
http://www.houghtonmifflinbooks.com/features/cgsite/index.shtml
Young fans of Curious George books will enjoy playing these online games and interacting with Curious George. This web site's activities are for children of any age "curious about George". Web site features include: Author info., games, art tour, downloadable images, and, of course, purchasable books and memorabilia.

50 - International Digital Children's Library
PA Standard(s): 1.1, 1.2, 7.2, 7.3
Topics: Literacy, World Cultures
http://en.childrenslibrary.org/
Children, families, and teachers can read hundreds of quality children's books from around the world, featured in over 20 different languages. The site is supported by the International Digital Children's Library Foundation, which states that its mission is to "build a digital library of outstanding children's books from around the world and support communities of children and adults in exploring and using this literature through innovative technology designed in close partnership with children for children."

51 - The Official Junie B. Jones Site
PA Standard(s): 1.1, 1.2
Topics: Literacy, Reading, Language Arts
http://www.randomhouse.com/kids/junieb/activities/activities.html
Young readers and fans of precocious Junie B. Jones will enjoy playing online games and interacting with Junie. There are printable activities available online, too. For teachers, there are resources to accompany the Junie B. Jones books in the "teacher's corner" section of the site. Children can also learn about author, Barbara Park, and browse through an online store of Junie B. merchandise and books.
52 - Leading to Reading  
**PA Standard(s):** 1.1, 1.2  
**Topics:** Reading, Literacy, Language Arts  
This site is supported by Reading is Fundamental (RIF) and the site is designed for children ages 0-2 and 3-5. There is also a section for “grown-ups”. Leading to Reading is an early literacy website “where young children discover the world of reading and grownups enjoy the journey.” Young children can read, sing, play, and explore a variety of subjects and books. Activities are also available in Spanish.

53 - Little Critter  
**PA Standard(s):** 1.1, 1.2  
**Topics:** Reading, Literacy, Language Arts  
[http://www.littlecritter.com](http://www.littlecritter.com)  
Welcome to the world of Critterville, home to popular children’s book character Little Critter. Here you can have fun with Little Critter through printable activities, games, interactive stories, and more. There are even videos of author/illustrator Mercer Mayer reading some of the books. Flash player is needed for many of the interactive elements.

54 - Speakaboos  
**PA Standard(s):** 1.1, 1.2, 1.6  
**Topics:** Reading, Language Arts, Speaking and Listening  
Visitors to Speakaboos can listen to online children’s stories such as Arthur, Curious George and other classic stories like folk tales and fairy tales. Foreign language stories and multicultural stories are available, too. There is also a feature to record your own story. Story guides and worksheets are included for teachers to use. Parents can download guides and resources for them to use with their children.

55 - Read Kiddo Read!  
**PA Standard(s):** 1.1, 1.2  
**Topics:** Reading, Literacy, Language Arts  
[http://www.readkiddoread.com/home](http://www.readkiddoread.com/home)  
This site by author James Patterson, is an authoritative resource for finding the best, current literature for children of all ages. The site is organized into four sections based on book type and age: Great Illustrated Books (age 0-8), Great Transitional Books (ages 6 & up), Great Pageturners (ages 8 & up), and Great Advanced Reads (ages 10 & up). The site includes summaries, read-alouds, reviews, and links to related activities. Join the newsletter and the ReadKiddoRead Community to access author interviews, blogs, lesson plans, and more!
56 - Learn to be Healthy
PA Standard(s): 10.1, 10.2, 10.3
Topics: Nutrition, Health
http://www.learntobehealthy.org/
Educators and families can get health lesson plans and activities that children will enjoy as they learn to be healthy and make healthy choices. The site can be searched by topic, grade, or state standards. Children in grades K-6 can explore the online world of the Learn to be Healthy fun-filled school, where they can find games, activities, and much more!

57 - Kids Health

It is actually an award winning site for kids, and provides interactive and innovation environmental education for kids and their families. Great activities and games are used on the site to help children learn more about the environment, conservation, recycling, and ecology.

64 – Captain Planet Foundation
PA Standard(s): 4.3, 4.7, 4.8, 4.9
Topics: Environment, Recycling, Ecology, Conservation
http://captainplanetfoundation.org/
The mission of the Captain Planet Foundation is to support hands-on environmental projects for children in grades K-12 and to encourage innovative activities that empower children to be heroes for their environment. The CPF believes that children play a vital role in preserving our earth’s natural resources for future generations.
65 - Meet the Greens
PA Standard(s): 4.3, 4.7, 4.8, 4.9
Topics: Recycling, Conservation, Environment
http://www.meetthegreens.org/
This website is all about a family, the Greens, who are working hard to make sure that they do the right thing for the environment. Meet the Greens is a site based in the United States and it includes animated adventures with the family, which all have great environmental messages. Not only can children learn about recycling, saving animals, and more, but there is a blog that is interactive for kids!

66 - Recyclezone
PA Standard(s): 4.3, 4.7, 4.8, 4.9
Topics: Recycling, Conservation, Environment
http://www.recyclezone.org.uk/
Welcome to recyclezone, the site for schools, children and teachers that tells you what’s what in the world of waste! Although this site is called recyclezone, recycling is only one of the things we can do about waste. The site talks about the 3Rs - reduce, reuse, recycle. The National Institute of Environmental Health Sciences in the UK sponsors this site. It provides a wealth of great information that is presented on a level for children. The site is brightly colored, it’s easy for kids to use, and interactive to get them involved in learning about recycling.

67 - Infrared Zoo
PA Standard(s): 4.7
Topics: Environment, Animals, Endangered Species
http://coolcosmos.ipac.caltech.edu/image_galleries/ir_zoo/
Infrared light shows us the heat radiated by the world around us. By viewing animals with a thermal infrared camera, we can actually "see" the differences between warm and cold-blooded animals. Infrared also allows us to study how well feathers, fur and blubber insulate animals. As you tour this "Infrared Zoo", see what new information you can gather about the animals here that you would not get from a visible light picture.

68 - Planet Pals
PA Standard(s): 4.3, 4.7, 4.8, 4.9
Topics: Recycling, Conservation, Environment
http://www.planetpals.com/
Join Earthman, Sunnyray, Fluffy, and the rest of the Planetpals gang to learn all about our planet, weather, and ways you can recycle and conserve the earth’s resources. You’ll also find sections with crafts you can make, games, coloring pages, and lots of other fun stuff. This site is colorful and perfect for teachers to use during Earth Day units.
69 - TIME for Kids
PA Standard(s): 5.1, 7.3
Topics: Current Events
http://www.timeforkids.com/TFK/
TIME for Kids teaches children of all ages about current events through interactive media, activities, and colorful photographs. This site gets kids excited about the news and is arranged by grade level: K-1, 2, 3-4, 5-6. There is a teacher resource page and downloadable activities for classroom use.

70 - Play Kids Games.com
