TITLE: MEMORIALS

ADOPTED: September 9, 2005

REVISED:

702.1. MEMORIALS	
1. Purpose	<p>The death of a student, friend, colleague or other loved one often motivates individuals to make memorial contributions to the school district. In addition, requests for specific types of memorials are commonly made by donors. However, the district recognizes that it may not always be appropriate to comply with these specific wishes. The purpose of this policy is to establish guidelines for the management of memorial donations and requests.</p>
2. Authority	<p>The Board will retain control over all donations made to and expenditures made from the Memorial Fund.</p> <p>Offers of memorials to a school or to the district shall be studied by the Superintendent or designee, who shall then submit a summary of the findings to the Board with a recommendation for action.</p>
3. Guidelines	<p>Listed below are the guidelines to be followed for the establishment and management of memorial donations and requests:</p> <ol style="list-style-type: none"> 1. The district will set up a special account to manage memorial donations or funds. 2. All memorial donations or funds will be channeled through this account. 3. Under the guidance of the Board and Superintendent or designee, each principal will select a committee to review memorial requests and determine, on a case-by-case basis, the specific type of memorial to be purchased or established in a given building. Student Assistance Program team members should be represented on these committees, where possible. 4. In the event that requests are made to establish district-wide memorials (e.g. the naming of a facility, etc.), the Superintendent or designee will select a committee to address such issues.
