101. MISSION STATEMENT/VISION STATEMENT/SHARED VALUES

The Brandywine Heights Area School District believes in the dignity of each individual student and the right of each individual student to an education which will provide him/her with the necessary skills and aptitudes to pursue his/her life's goals. In addition to providing each student with necessary basic skills, the Board and staff of Brandywine Heights will guide each student in seeking realistic, meaningful goals and a productive, meaningful life in a constantly changing world.[1]

District Mission Statement

Enable students to strive for success in an ever-changing global society.

District Vision Statement

Building a school-community partnership

Helping students become lifelong learners and responsible citizens

Advancing to meet the challenges of the global society in the 21st century

Striving to reach our fullest potential

Dedicating ourselves to excellence in a safe educational environment

District Shared Values

We believe ...

- a healthy partnership among the home, school district and the community contributes to a quality educational system.
- a safe and supportive environment is essential for student learning.

- providing an excellent program committed to continuous improvement addresses the educational needs of all students.
- it is our responsibility to foster lifelong learners to be productive in a global society.
- students should take risks and explore avenues in order to achieve success.
- all students can learn and are capable of developing confidence to face challenges.
- honesty and integrity promotes a culture of respect which values diversity.
- each individual can develop a strong character to foster productivity, responsibility and independence as citizens.
