

Book	BHASD Policies
Section	800 Operations
Title	Suicide Awareness, Prevention and Response
Code	819
Status	Active
Adopted	September 14, 2015
Last Reviewed	June 19, 2017

Purpose

The Board is committed to protecting the health, safety and welfare of its students and school community. This policy supports federal, state and local efforts to provide education on youth suicide awareness and prevention; establish methods of prevention, intervention, and response to suicide or suicide attempt; and to promote access to suicide awareness and prevention resources.[3]

Authority

In compliance with state law and regulations, and in support of the district's suicide prevention measures, information received in confidence from a student may be revealed to the student's parents/guardians, the building principal or other appropriate authority when the health, welfare or safety of the student or any other person is deemed to be at risk.[4]

Guidelines

The district shall utilize a multifaceted approach to suicide prevention which integrates school and community-based supports.

The district shall notify district employees, students and parents/guardians of this policy and shall post the policy on the district's website.[5]

SUICIDE AWARENESS AND PREVENTION EDUCATION[5]

Protocols for Administration of Student Education

Students shall receive age-appropriate education on the importance of safe and healthy choices including emotional, behavioral and social skills development, coping strategies, how to recognize risk factors and warning signs, as well as help-seeking strategies for self or others including how to engage school resources and refer friends for help.

Protocols for Administration of Employee Education

All district employees shall receive information regarding risk factors, warning signs, response procedures, referrals, and resources regarding youth suicide prevention.

As part of the district's professional development plan, professional educators in school buildings serving students in grades six (6) through twelve (12) shall participate in four (4) hours of youth suicide awareness and prevention training every five (5) years.[6]

Resources for Parents/Guardians

The district may provide parents/guardians with resources including, but not limited to, health promotion and suicide risk, including characteristics and warning signs; and information about local behavioral/mental health resources.

METHODS OF PREVENTION[5]

The methods of prevention which may be utilized by the district include, but are not limited to, early identification and support for students at risk; education for students, staff and parents/guardians; and delegation of responsibility for planning and coordination of suicide prevention efforts.

Suicide Prevention Coordinators

The school entity shall establish a crisis response team(s). The crisis response team(s) may include, but is not limited to, administrators, guidance counselors, school nurse, and/or teachers and other members of the school's Student Assistance Program (SAP) team. These individuals will help identify overlapping risk factors, including hostile environments created by persistent or severe harassment

Early Identification Procedures

Early identification of individuals with one (1) or more suicidal risk factors or of individuals exhibiting warning signs, is crucial to the district's suicide prevention efforts.

Risk factors refer to personal or environmental characteristics that are associated with suicide including, but not limited to:

- Behavioral Health Issues/Disorders:
 - Depression.
 - Substance abuse or dependence.
 - Previous suicide attempts.
 - Self injury.
- Personal Characteristics:
 - Hopelessness/Low self-esteem.
 - Loneliness/Social alienation/isolation/lack of belonging.
 - Poor problem-solving or coping skills.
 - Impulsivity/Risk-taking/recklessness.
- Adverse/Stressful Life Circumstances:
 - Interpersonal difficulties or losses.
 - Disciplinary or legal problems.
 - Bullying (victim or perpetrator).
 - School or work issues.
 - Physical, sexual or psychological abuse.
 - Exposure to peer suicide.
- Family Characteristics:
 - Family history of suicide or suicidal behavior.
 - Family mental health problems.
 - Divorce/Death of parent/guardian.
 - Parental-Child relationship.

Warning signs are indications that someone may be in danger of suicide, either immediately or in the near future. Warning signs include, but are not limited to:

- Expressions such as hopelessness, rage, anger, seeking revenge, feeling trapped, anxiety, agitation, no reason to live or sense of purpose.
- Recklessness or risky behavior.
- Increased alcohol or drug use.

- Withdrawal from friends, family, or society.
- Dramatic mood changes.

Referral Procedures

Any district employee who has identified a student with one (1) or more risk factors shall refer the student for further assessment and intervention which should include the Student Assistance Program (SAP) team.

In compliance with state regulations and in support of the school's suicide prevention methods, information received in confidence from a student may be revealed to the student's parents or guardians, the building principal or other appropriate authority when the health, welfare or safety of the student or other persons is at risk.

Documentation

The district shall document the reasons for referral, including specific warning signs and risk factors identified as indications that the student may be at risk.

METHODS OF INTERVENTION[5]

The methods of intervention utilized by the district include, but are not limited to, responding to suicide threats, suicide attempts in school, and suicide attempts outside of school. Suicide intervention procedures shall address the development of an emotional or mental health safety plan for students identified as being at increased risk of suicide.

Procedures for Students at Risk

Any district employee who has identified a student as being at increased risk of suicide or who has an indication that a student may be contemplating suicide, must immediately report the concern to appropriate District personnel (ie. above identified crisis response team.) An emotional and mental health assessment will be conducted. If it is determined a student is at imminent risk, the student will be referred to a mental health specialist for immediate crisis intervention. It is the responsibility of the parent(s)/guardian(s) to ensure their child receives appropriate mental health care unless the risk identified is of immediate concern at which time emergency medical personnel will be called via 911.

A district-approved suicide assessment instrument may be used by trained mental health staff such as counselors or psychologists.

Parents/Guardians of a student identified as being at risk of suicide shall be notified by the school. If the school suspects that the student's risk status is the result of abuse or neglect, school staff shall immediately notify Children and Youth Services.

Mental health service providers – may include, but not be limited to, hospital emergency departments, psychiatric hospitals, community mental health centers, psychiatrists, psychologists, social workers, and primary care providers.

Students With Disabilities

For students with disabilities who are identified as being at risk for suicide or who attempt suicide, the appropriate team shall be notified and shall address the student's needs in accordance with applicable law, regulations and Board policy.[7]

If a student is identified as being at risk for suicide or attempts suicide and the student may require special education services or accommodations, the Director of Pupil Services shall be notified and shall take action to address the student's needs in accordance with applicable law, regulations and Board policy.[7]

Documentation

The district shall document observations, recommendations and actions conducted throughout the intervention and assessment process including verbal and written communications with students, parents/guardians and mental health service providers.

METHODS OF RESPONSE TO SUICIDE OR SUICIDE ATTEMPT[5]

The methods of response to a suicide or a suicide attempt utilized by the district include, but are not limited to:

1. Identifying and training the school crisis response/crisis intervention team.
2. Determining the roles and responsibilities of each crisis response team member.
3. Notifying students, employees and parents/guardians.
4. Working with families.
5. Responding appropriately to the media.
6. Collaborating with community providers.

Refer to the District All Hazards Emergency Guide for specific guidelines for proper response to a suicidal act or attempt.

Re-Entry Procedures

A student's excusal from school attendance after a mental health crisis and the student's return to school shall be consistent with state and federal laws and regulations.[8]

When authorized by the student's parent/guardian, the designated district employee shall coordinate with the appropriate outside mental health care providers.

Reentry = The building principal, guidance counselor, school psychologist, Director of Pupil Services and/or classroom teacher shall meet with the parents/guardians of a student returning to school after a mental health crisis, and, if appropriate, meet with the student to discuss re-entry and applicable next steps to ensure the student's readiness to return to school.

The designated district employee will periodically check in, as needed, with the student to facilitate the transition back into the school community and address any concerns.

REPORT PROCEDURES[5]

Effective documentation assists in preserving the safety of the student and ensuring communication among school staff, parents/guardians and mental health service providers.

When a district employee takes notes on any conversations or situations involving or relating to an at-risk student, the notes should contain only factual or directly observed information, not opinions or hearsay.

As stated in this policy, district employees shall be responsible for effective documentation of incidents involving suicide prevention, intervention and response.

The suicide prevention coordinator shall provide the Superintendent with a copy of all reports and documentation regarding the at-risk student. Information and reports shall be provided, as appropriate, to guidance counselors, district mental health professionals and school nurses.

SUICIDE AWARENESS AND PREVENTION RESOURCES[5]

In accordance with School Code, the following is a list of resources on youth suicide and prevention programs; please note this is not all inclusive.

General Information

PA Youth Suicide Prevention Initiative Mission <https://www.preventsuicidepa.org/task-force-county-init/>
Mission - The Pennsylvania Youth Suicide Prevention Initiative is a multi-system collaboration to reduce youth suicide.

Vision - Youth suicide prevention will be embraced and incorporated into the fabric of every community in Pennsylvania to address the social and emotional needs of youth at risk and survivors of suicide.

American Foundation for Suicide Prevention <http://www.afsp.org/>

The American Foundation for Suicide Prevention has been at the forefront of a wide range of suicide prevention initiatives – each designed to reduce loss of life from suicide. They are investing in groundbreaking research, new educational campaigns, innovative demonstration projects and critical policy work. And they are expanding their

assistance to people, whose lives have been affected by suicide, reaching out to offer support and offering opportunities to become involved in prevention.

Suicide Prevention Resource Center <http://www.sprc.org/>

SPRC is the nation's only federally supported resource center devoted to advancing the National Strategy for Suicide Prevention. They provide technical assistance, training, and materials to increase the knowledge and expertise of suicide prevention practitioners and other professionals serving people at risk for suicide. They also promote collaboration among a variety of organizations that play a role in developing the field of suicide prevention.

American Association of Suicidology <http://www.suicidology.org/home>

AAS is a membership organization for all those involved in suicide prevention and intervention, or touched by suicide. AAS is a leader in the advancement of scientific and programmatic efforts in suicide prevention through research, education and training, the development of standards and resources, and survivor support services.

Services for Teens At Risk (STAR Center) <http://www.starcenter.pitt.edu/>

Services for Teens At Risk (STAR-Center) is a comprehensive research, treatment, and training center. Funded by the State of Pennsylvania's General Assembly in 1986 to address adolescent suicide and depression, the program provides individual assessment and treatment to teens that are experiencing depression and suicidality. They also provide community education services about depression and suicidality to schools, social service agencies, churches and other organizations that request them.

Education Resources

Youth Suicide Prevention School-Based Guide <http://theguide.fmhi.usf.edu/>

The Youth Suicide Prevention School-Based Guide is designed to provide accurate, user-friendly information. The Guide is not a program but a tool that provides a framework for schools to assess their existing or proposed suicide prevention efforts (thought a series of checklists) and provides resources and information that school administrators can use to enhance or add to their existing program. First, checklists can be completed to help evaluate the adequacy of the schools' suicide prevention programs. Second, information is offered in a series of issue briefs corresponding to a specific checklist. Each brief offers a rationale for the importance of the specific topic together with a brief overview of the key points. The briefs also offer specific strategies that have proven to work in reducing the incidence of suicide, with references that schools may then explore in greater detail. A resource section with helpful links is also included. The Guide provides information to school to assist them in the development of a framework to work in partnership with community resources and families.

Toolkit for High Schools <http://store.samhsa.gov/product/SMA12-4669>

Assists high schools and school districts in designing and implementing strategies to prevent suicide and promote behavioral health. Includes tools to implement a multi-faceted suicide prevention program that responds to the needs and cultures of students. Released in June 2012.

More Than Sad Program

<http://www.afsp.org/preventing-suicide/our-education-and-prevention-programs/programs-for-teens-and-young-adults/more-than-sad-teen-depression>

The More Than Sad Program of the American Foundation for Suicide prevention provides education about factors that put youth at risk for suicide, in particular depression and other mental disorders.

Suicide Prevention Resource Center Postvention Toolkit

<http://www.sprc.org/sites/sprc.org/files/library/AfteraSuicideToolkitforSchools.pdf>

This toolkit is designed to assist schools in the aftermath of a suicide (or other death) in the school community. It is meant to serve as a practical resource for schools facing real-time crises to help them determine what to do, when, and how. The toolkit reflects consensus recommendations developed in consultation with a diverse group of national experts, including school-based personnel, clinicians, researchers, and crisis response professionals. It incorporates relevant existing material and research findings as well as references, templates, and links to additional information and assistance.
